

ROYAL AMBASSADOR

The Perfect Home

Royal Ambassador creates residential solutions for those who value impeccable design, superior service and the finest finishes.

A leader in real estate projects in Bahrain, Royal Ambassador aims to provide islanders with property developments that embody the true definition of quality – from high-end finishing and thoughtful floor plans to superior amenities. It is the first to provide hospitality services to residential properties, thereby offering a unique living experience to customers at desirable pricing.

The company is widely recognised as a unique value proposition, offering homeowners and tenants a sophisticated choice of design and layouts to tailor homes to suit a range of budgets in Juffair, Amwaj Islands and Seef. There are studio, one-, two-, three- and four-bedroom apartment configurations to select from. Choices extend beyond the tangibles to include views, flexible floor plans and unrivalled facilities.

Floor plans are intelligently planned to

maximise light, views and functionality. The attention to detail is apparent, from the distinctive exterior and interior finishes to the custom fixtures and furnishings in the apartments, the welcoming arrival areas, and shared social spaces. All this ensures that these homes are appreciated by generations to come.

In Juffair, Royal Ambassador has made its mark with the luxurious Fontana properties. Rentals in these high-rises start at just BD385. There are nine types of themes and apartment types available to suit every need and budget. Rana Isa, a happy resident of one of the Fontana projects says: "My residence is ideal for those with a stylish way of life. We enjoy many amenities, including beautiful landscaping, cascading waterfalls, health clubs, multipurpose halls, mini cinemas, kids' play areas, salons and a laundry. It is a joy living in such a beautiful and central location that suits our family's lifestyle perfectly."
